A. WARRANTY COVERAGE:

EDCO Steel-Kore Steel Siding is warranted to you, the original property owner(s), by the manufacturer EDCO Products, Inc. EDCO warrants against the siding containing manufacturing defects which result in cracking, chipping, flaking, peeling or splitting, as well as manufacturing defects which cause perforation or deterioration of the steel substrate due to rust. Additionally EDCO warrants the siding, after removal of foreign surface deposits, will not show a color change in excess of 5 Delta E units (NBS) as a result of normal weathering or ultraviolet exposure, for a period of ten (10) years from the date of installation. This warranty remains in effect for as long as the original property owner(s) are living and are the owner(s) of the property to which the siding was applied. In the event there is more than one original property owner(s), the warranty will remain in effect as long as one of the original property owner(s) is living and owns an interest in the property to which the siding was applied. Because this warranty was created to cover the siding of individual property owner(s) for the property owners' lifetime (human beings), this warranty, understandably, does not cover siding applied to property owned in whole or part by corporations, governmental entities or agencies, religious organizations, trusts, condominium or cooperative housing arrangements, intangible legal entities or any other entity or organization capable of an infinite life. For such intangible entities capable of an infinite life, the duration of the warranty is Fifty (50) years nontransferable under the same terms and conditions as the warranty. The period of the Hail Protection Warranty is fifty (50) years beginning on the date application of the siding to your property was completed. This Hail Protection Warranty is available only in the Continental United States. This warranty shall be valid* only after the registration certificate is completely filled in by the original property owners(s), signed, and mailed to EDCO Products, Inc. within thirty (30) days after completion of installation of the siding or purchase from the builder of your newly constructed home. All warranties are subject to the conditions, remedies, transfer requirements, limitations and legal rights stated in this certificate.

B. NOTICE, INSPECTION, REMEDIES - \$100 PAYMENT, TOTAL LIABILITY - AND CONDITIONS

1. Notice of Inspection.

If you think your siding contains manufacturing defects, simply write to EDCO Products, Incorporated, Hopkins, Minnesota 55343; Attention: Warranty Services, including the date the siding was installed, certificate number and name exactly as indicated on the original warranty registration. If you choose to exercise your rights under this warranty, do not begin any repairs prior to writing EDCO and receiving its permission to do so. Some methods of remedy may ruin the siding, making it impossible for EDCO to repair. Further, EDCO must have a reasonable opportunity to inspect the siding for defects before repairs are begun.

2. Remedies

If your siding shows manufacturing defects within the first three years from the date of installation of the siding, EDCO, at its option, will either repair, refinish or replace the defective siding at no cost to the property owner.

(a) \$100 Payment: After the first three years from date of installation, EDCO will assume the cost of material and labor for any warranted work upon EDCO's receipt of a \$100 payment* by the property owner for each incident under this warranty.

(b) Hail Protection - \$200 Payment: In the event of hail damage in the Continental United States, EDCO will assume only the cost of material to repair or replace the damaged siding panels upon payment by the property owner of a \$200 payment* for each incident under this warranty.

(c) Limitation of EDCO's Liability for Each Claim: EDCO's total liability for claim under this warranty shall be limited to, and in no event exceed, the total purchase price, including labor and taxes, of the installed siding. Any costs and expenses beyond EDCO's liability shall be paid to EDCO or otherwise paid by the owner(s) prior to EDCO commencing warranty work on any claim which exceeds EDCO's total liability.

3. Conditions

EDCO reserves the right to discontinue or make changes in its siding. If your siding is not available and EDCO decides to replace the defective siding, EDCO shall have the right to substitute siding which it considers of equal quality and price. All warranty claims shall be settled between you and EDCO, but EDCO may direct and pay a company, dealer, contractor; applicator or distributor to perform any remedy under this warranty on EDCO's behalf.

C. TRANSFER OF WARRANTY AND PRORATION

This warranty is only transferable by the original property owner(s) to the next owner(s) of the property to which the siding is attached provided EDCO receives notice of transfer of title of the property, accompanied by a One Hundred Dollar (\$100.00) transfer fee *, within thirty (30) days of the date of transfer of ownership. Your notice must include the original owner's name as registered with EDCO on the original warranty registration, the name of the next property owner(s), the certificate registration number, and the date the siding was installed. Failure to file the required transfer notice within (30) days shall relieve EDCO of any further obligation to the next owner(s) under the terms of the warranty. Upon transfer, all warranty periods, shall be prorated and limited in duration to fifty (50) years from the date of the installation of the siding as follows; First to the fifth year EDCO pays 100% of the costs of the labor and material to refinish, repair or replace defective siding. During the sixth year and subsequent years after date of installation Homeowner shall pay an additional 10% per year of the cost and EDCO shall pay the balance. CARE AND NORMAL MAINTENANCE INSTRUCTIONS

Steel-Kore™

PREFINISHED BUILDING MATERIALS

- a. In most residential areas, normal rainfall is sufficient to keep the siding surfaces clean. Where an unusual amount of dirt is deposited on the siding surfaces, such as under eaves, porches, or other protected areas, a simple cleaning procedure should be scheduled annually or more often if conditions demand. For surface dirt, the use of ordinary nonabrasive household detergents is recommended. For severe conditions, use ordinary nonabrasive household detergent, 1/3 cup along with trisodium phosphate, 2/3 cup (Soilax, or Spic N Span), in a gallon of water. Follow the manufacturer's directions.
- b. CAUTION: STRONGER CONCENTRATIONS OF CLEANERS CAN CAUSE DAMAGE TO THE FINISH. RINSE THE SURFACE WELL, WITH CLEAR WATER IMMEDIATELY AFTER CLEANING. AVOID SKIN CONTACT OR GETTING THE SOLUTION IN THE EYES. ALWAYS WASH THE HOUSE FROM THE BOTTOM TO TOP, AND KEEP RINSING THOROUGHLY WITH FRESH WATER WHILE CLEANING.
- c. In some areas, mildew may be a problem. It appears as black spots on the surface dirt and is usually detected in areas not subjected to rainfall. For removal, prepare a solution as follows:
- 1/3 cup powder detergent (Tide, for example)
 - 2/3 cup Trisodium Phosphate (Soilax, Spic N Span, for example)
 - 1 quart 5% Sodium Hypochlorite (Clorox, for example)
 - 3 quarts water.

CAUTION: Greater amounts of concentration may cause damage to the finish. Always test any cleaner on an inconspicuous area before application to major areas., Excessive rubbing will create an undesirable glossy finish.

- d. We are pleased to add you to our long list of satisfied customers and we hope you'll recommend our products to your friends and neighbors. We know you'll benefit from these prefinished building materials for many years to come, and thank you for your purchase.
